Friday 21st December 2018

Dear Parents/Carers,

I have been very pleased and privileged to get to know you, your children and all the staff and friends of Sudbourne Primary School over the last term. It has been a busy term in which much has been achieved. We have had some great events such as the winter fair and the WW1 day. My sincere thanks to the PTA and all those that contributed to these occasions. I'd also like to thank everyone who has helped in a voluntary capacity with trips and events taking place during and after the school day.

I am looking forward to next term as we have a number of aspects that we are looking to develop within the school. We are looking to enhance the music provision with Lambeth Music Services to offer instrumental provision in the new music studio that we had installed earlier this term. We are also going to be enhancing our behaviour expectations and policy by trialling a focus on the children's readiness to learn. Also, as you know we have been asking for your views on the school's website. We have a meeting planned on the 8th January with our website provider to look at how we can best structure and organise our website to most effectively ensure that it provides you with information that is helpful. Thank you to everyone who wrote to us about what information would be most helpful to have on the website.

I would like to wish you all a very happy Christmas and new year.

Regards,
Richard Blackmore

FROM THE PTA

Thank you to everyone who participated in the Winter Fair. It was a wonderful event, with many commenting that it was the "best ever". Whilst we haven't finished the sums, we know it will add a healthy amount to PTA coffers. Huge thanks to all the volunteers for their commitment and contributions. Thanks to Tracey for the wonderful organisation.

If you wonder where all the money goes, please check out the new music studio on the infant playground. We can dust off the steel pans in the new year.

Enjoy the holidays!

LAMBETH LAUNCHES CONSULTATION ON CHILDREN CENTRE'S CHANGES

Lambeth have asked us to share this information as they want to hear from as diverse range of people as possible.

Please follow [this link to the online consultation](#) or see [this letter from Cllr Jennifer Brathwaite](#) which outlines our plans in more detail and encourages people to have their say.

See below for more information on the proposals and links to take part in the consultation online.

Have your say on our proposals

Lambeth council has launched a consultation into the future of children's centres in the borough. The consultation sets out how we have worked to protect children's centres despite a significant cut of £1.4 million in our funding from central government.

Continuing cuts and funding changes from central government are forcing us to make some changes to the way children's centres are run in the borough.

Despite the £1.4 million reduction in funding from central government, we are proposing to maintain 18 centres grouped into six cluster areas, and in each cluster area there will be one lead provider responsible for delivering the services across the children's centres. The lead provider will employ a team of staff including Better Start workers who will provide one to one support for families living in the area who need additional help. For the five other centres, we are working with schools and communities to try and ensure that no building actually closes and that as many services as possible continue there, such as free childcare for eligible two-year-olds and free nursery places for three-year-olds.

You can find out more about these proposals and have your say by:

- [Completing the children's centre consultation online.](#)
- Collecting a booklet from your nearest children's centre – they are available in all 23 children's centres in Lambeth

The consultation closes on 10th February 2019.

Our financial challenge

Like all local councils across the country, Lambeth has a massive financial challenge. Due to central government cuts, we need to save £43million pounds over the next four years. That's on top of the £230million we've had to save since 2010, and it's more than £300 per household in Lambeth.

We've produced a video which explains our financial challenge - take a look below.
