

Parent Voice feedback

Wednesday 14th January 2026

The school would like to thank those parents that attended the parent forum. As always, we are grateful for your feedback to support the school to continue to provide the best experience we can for our children and families at Sudbourne Primary School.

WWW (What works well...)

- “We can’t believe how much progress our Yr R child has made with his phonics. He is now properly reading.”
- “The tapestry app is a great way to keep parents informed about their child school day.”
- “The open classrooms were a great idea. It was impressive to see how the class teachers deliver learning to a class of 30 children.”
- “The MYON reading is excellent. My child has a whole electric library of books to read at home.”
- The Young Leaders initiative is such a great idea to give children a sense of responsibility and build confidence. I particularly love the concept of the Pupil Parliament.”
- “The SATs Companion programme for Yr 6 is a great idea. My child uses this to support his learning a lot.”

EBI (Even Better If...)

You said

Children were better prepared for the transition from Yr R to Yr 1. It is a big jump!

There was clearer communication about the purpose of each report card and parents evening.

There was clearer communication about which children receive tutoring in Phase 3.

There was a summary of key actions for parents in the school newsletter.

Use of mobile devices (i.e. phones / tablets) was banned for all parents on school premises to set example to our children.

We did

We will be reviewing our transition arrangements later this term, taking on feedback from staff and parents and will communicate plans with our current Reception cohort.

We will be sending an overview to parents and carers about how they are informed about their child's progress and attainment throughout the year with the Spring reports.

The purpose of Phase 3 tutoring will be shared with all Phase 3 parents/carers, when the next round starts in the Summer term.

Key dates are already shared in the newsletter. From Spring 2 we will send a 1-page overview with details of all upcoming events and actions for parents/ carers.

In line with recent recommendations from the Security of State for Education, we will be communicating our plans to all parents/carers.
