Sudbourne Primary School

About Your Catering Service

We are delighted to be working in partnership with your school. Founded in 1994, we are an award-winning company with a vision to encourage children to explore new tastes and make healthier food choices through their formative years, which will positively influence them for life.

A Delicious Balanced Menu

Our approach is focused on seasonal, fresh, sustainably sourced food, including ingredients, such as British free-range eggs and British sourced fresh meat and poultry, wherever possible.

Our menus are created with local tastes and preferences in mind and offer a range of popular, full of flavour dishes to encourage balanced meal choices and to help children grow, learn and stay active.

Core menus are reviewed by our consultant nutritionist, who ensures that they are structured for young growing bodies, who need a variety of food, including protein (in both meat-based and vegetarian dishes), fruit and vegetables, carbohydrates, and dairy products, while limiting foods high in fat, salt and sugars. We follow the school food standards.

We will introduce further interest and excitement to menus with planned additional food experiences, pop-ups, themed events with links to the school's curriculum, cultural and celebration dates, aimed at creating a fun, engaging and enjoyable dining experience.

Allergen Information

We recognise that some children may have an allergen or intolerance to one of the 14 common food allergens. We have robust processes in place to assist the school in managing. If your child has a food allergy or intolerance, please complete the allergen management form and return it to your school office. Red = Allergen

- All food is freshly prepared on site each day and if any of the 14 common food allergens present, they are listed in red against each menu item and are intended as a guide to help with the choice of meal. For operational reasons it may be necessary to alter a recipe at short notice and therefore **your child or the member of school staff who presents your child at the counter must check each time before being served with the food.**
- The Company handles many of the 14 common food allergens in our busy kitchens and so therefore cannot guarantee that our food is 100% free from specific food allergens
- There are foods not on the list of 14 common food allergens which can cause allergic reactions in a small number of people and if your child has such an allergy, **they or school member must check each time before being served with the food.**

Our allergen process is written to protect the welfare of the children.

Look out for monthly featured ingredients.
