Dear Parents/Carers,

## **Re: Volunteers Needed for Sudbourne School Trips**

Each phase has begun to plan local and London based trips for this academic year, now that we are able to. These trips are designed to heighten the impact and relevance of the curriculum areas pupils' have been studying to enhance their learning experiences, and provide memorable opportunities that we cannot provide in our school setting.

This year, in particular, we would like as much assistance from our parental community as possible to join teaching staff in accompanying our classes on these termly trips.

We are looking for energetic adults who enjoy working with groups of children, have flexible working hours, like visiting museums and outdoor London sites and who could spare us a day or so every term to accompany various classes on our school trips.

For example: Years 3 and 4 have already asked for additional adults to accompany them on a local trip to Windrush Square, planned for the week beginning 18th October.

If this sounds like something you would be interested in please click to [HERE](#) complete this short online form, to add your name to our bank of parental volunteers for educational visits.

We will contact you directly with further information about the trips we need support with soon.

Thank you very much, and hope to hear from you soon,

**Miss Louise Gee**  
**Educational Trips Lead**
